

Ian Findlay Path Fund update July 2024

All projects that received funding in the first year of the [Ian Findlay Path Fund](#) (IFPF) are now complete and many are now in daily use by their communities. We are also delighted by the progress being made by the next round of IFPF-supported projects. Most of those are just getting underway, but a few early starters are already finished. The grand opening of the new path at [St Leonard's Park in Dunfermline](#) took place on the 8th July and was a great success.

IFPF-supported projects that are now complete as of 31st July 2024:
